PITTSBURGH, PA 15222

Rapid Response Committee March 2016

We are currently preparing for our 2016 Conference in DC the last week of April. So far, it looks like we will have well over 600 Steelworkers on the Hill, so our voices in the halls of Congress will be loud and proud! We were thrilled to see that members from 3657 are excited about attending, and I want to thank the local for realizing the importance of the conference and engaging in legislative issues. The discussion in DC that week will have high priority with issues like the TPP, OSHA, and the WAGE ACT.

In District 10, George Piasecki, our District Rapid Response Coordinator is wrapping up a series of successful town hall meetings that were held across the state regarding the TPP and struggles we are having with bad trade policy in general. All over the nation, our coordinators have been working tirelessly to educate our members about these issues. Our national postcard action has also been in full swing, and to date, we have over 110,000 postcards to legislators to use in lobby visits and drops. For those in 3657 who have filled one out, thanks so much! For those who have not, we will be making another push floor by floor very soon.

I also want to say thank you to our members in the field, many have stepped up and are currently helping our department with data entry from the postcards. That is a huge help to the program and to our coordinators and very much appreciated.

On April 4 from noon to 1:00, I will be holding a Lunch and Learn in the lobby conference room to have a discussion on the TPP and other pressing trade issues that are currently affecting our members. If you can, please make time to join us! If you have any questions about it, please feel free to contact me at any time.

Again, thanks for all that you do for our members every day – and all that you will do in the future.
